PROPOSE TO BUILD MODERN HIGHWAY

(Special to The Times-Dispatch.)

Lynchburg, Va., July 14.—The proposed
improved road and automobile route from
Lynchburg to Natural Bridge is now prac-
tically assured, for the much-talked-of plan
has been found to be feasible at a moderate
expenditure. This would give a route from
Lynchburg to the Natural Bridge, just
thirty-six miles long, as compared with the
run of eighty-four and one-half miles now
necessary in going by the way of Roanoke.
Peyton B. Winfree and C. L. DeMott, en-
gineers designated by the Lynchburg Auto-
mobile Club, to view the proposed route,
have just made a report of a trip they made
over the road, and they declare that the
route proposed is not only feasible, but that
it can be made a fine road with very little
money spent on it.

Some of the funds necessary to insure the
improvement has already been subscribed,
but it will be necessary to secure additional
funds. It is believed the sixteen miles of
road that need attention can be put in fairly
good shape in six weeks, and the work is now
proposed to build a macadam road, but to
use a combination of slate and clay, with
which the country abounds, and thus secure
a road that will be excellent for automobile
travel as well as other modes of private
conveyance.

LOCAL STOCK NOTES

The steady and persistent buying of At-
lantic Coast Line and Louisville and Nash-
ville stocks during the past week attracted
the attention of local brokerage houses. At-
lantic Coast Line stock advanced from 125
on Monday to 132 Thursday, while Louisville
and Nashville gained 3 points—15 to 183
final sales of the week being 1214 for the
former and 184 for the latter. Atlantic
Coast Line convertible debenture is showing
considerable activity and gained a fractional
point for the week. Stockholders received
the last semi-annual dividend of 3 per cent.
on the stock on July 10.

Seaboard Company securities were quoted
as follows: Common stock, 40 shares, sold
at 27 1/2; first preferred, 35 bid; no sales sec-
ond preferred, sales at 40 and 40 1/2. The ad-
justment 5 per cent. bonds advanced from
79 1/2 to 81, the last sale for the week being
made at the latter figure. The old Seaboard
Air Line stock was offered at 24 1/2 for the
common and 45 1/2 to 46 for the preferred.

The Seaboard Air Line system for the
year ended June 30, 1911, will show a sur-
plus available for dividends within \$100,000
one way or the other of the previous year's
total. This is as close as officials of the
road can estimate with the figures for eleven
months for the rail lines and the estimated
gross for June at hand. Within these limits
the surplus will be between \$175,000 and
\$2,000,000, and will amount to 1 per cent.
on the preferred stock and over 2 per cent.
on the common. In the previous 24 per cent.
was shown on the common stock.

WHAT'S THE BASEBALL NEWS?

First Message From Pribyloff Islands,
Via Wireless.

San Francisco, Cal., July 15.—"What
is the standing of the clubs of the Na-
tional and American Leagues?" was the
first question of inhabitants of the
Pribyloff Islands when they gained
close touch with the outside world for the
first time through the new naval
wireless station.

The United States supply ship Hos-
mer, which arrived from Alaska yester-
day, brought word of the successful
installation of the wireless station on
St. Paul Island by the United States
cruiser Buffalo. The Islanders gath-
ered to celebrate. When the naval op-
erator turned up his instrument he said:
"I have Honolulu now. What news do
you fellows want?"

"All the baseball news you can get,"
the Islanders answered in chorus.
After sending their lab standings the
Honolulu operator attempted to send
news of the coronation of King George.
"Ditch that!" exclaimed one of the
Islanders. "Ask him for Cobb's batting
average and all about Eddie Collins.
Honus Wagner and Red Doolin. The
coronation can wait."
Arrangements have been made to
transmit to St. Paul Island daily scores
of the big leagues.
